Academic Year 2019-20

Report of the Placement Cell

Saket College of Education was established in the year 2007, with a vision of creating excellently trained teachers who will be full of knowledge, skills and social commitment. After providing them training in both domains of theory and practical, we find it our duty to help them get placed in the institutions which will be suitable for them and also the institutions can get equipped with the excellent teachers who will be the Nation Builders for tomorrow.

The drive started with a Placement Induction session taken by Mrs. Renu Chaudhary, wherein the students were guided about essentials such as provided individualized career counselling to help students identify their strengths, interests, and career goals, resume building which assisted students in creating effective resumes and cover letters to showcase their skills and experiences, interview preparation by conducting mock interviews and provided tips on interview techniques, body language, and communication skills.

Total 40 students were present among which 08 students were selected for private schools, educational institutions and other reputed international schools.
