

## Academic Year 2022-23

### Report of the Placement Cell

Saket College of Education was established in the year 2007, with a vision of creating excellently trained teachers who will be full of knowledge, skills and social commitment. After providing them training in both domains of theory and practical, we find it our duty to help them get placed in the institutions which will be suitable for them and also the institutions can get equipped with the excellent teachers who will be the Nation Builders for tomorrow.

The drive started with a Placement Induction session taken by Mrs. Renu Chaudhary, wherein the students were guided about essentials of the Campus Placement, such as skills required for facing the interview such as skill development, resume building, alumni support which encouraged alumni to share their experiences, provide mentorship, and offer job opportunities to current students, follow-up to maintain regular contact with students after graduation to ensure their career progress and offer continued support.

Total 91 students were present among which 17 students were selected in private schools and other such reputed institutions.
